InterPark

*For more information please contact Brent Young at 312-935-2772*

You will be given a proxy card that you will use upon your arrival at the facility, and must be used at the entry gate. When you proceed to the entry gate, instead of pushing the button to retrieve a ticket, you will scan your proxy card at the gray box that has an orange light. Once your card has been read at the reader, a ticket will be automatically dispensed to you with the time, date, and your discount code (the amount you normally pay). Once you are ready to exit the garage, you will pay for your ticket at the pay station machines and your discounted rate will be shown. Once your ticket has been paid, you will resume to your vehicle to exit out. Remember, that your discounted rate is already programmed on your proxy card and this card shall only be used at the entry gate. The same rules still apply as before with the plastic discount cards. You shall keep your discounted proxy card with you at all times, without it, you will not be able to receive discount parking. The proxy card is good for \$12.00 up to 12hrs and \$10.00 after 3pm M-F and all day weekends. If you shall ever lose or misplace your proxy card, there will be a \$25.00 replacement fee. If you have any questions in regards to utilizing your new proxy cards, please stop by the office at 20 E. Randolph and someone will assist you.
