

Registering for Classes

You will register for classes through your academic advisor. She will assist you by looking at what we are offering each semester in conjunction with the standard path document so you will stay on track and not take courses out of sequence. Nicole Blotnick (nblotnick@argosy.edu or 312-777-7639) will know what classes are being offered at the campus and which are being offered online.

Make sure you meet with Nicole before every semester to establish what you should be registered for! You will do this throughout your education here at Argosy.
